

A man with dark hair, seen from the back, is holding a large, white, rectangular climbing panel. He is wearing a teal t-shirt. The panel has the 'EIP' logo on it. The background is a brightly lit indoor climbing gym with white walls and ceiling lights. The overall scene is clean and modern.

EP HOLDS & VOLUMES

EP Climbing designed and manufactured the first commercial climbing holds in 1985, revolutionizing the sport of climbing. Today, we harness the power of EP Global to collaborate with industry leading partners worldwide in manufacturing high-quality holds, macros, and volumes. Colors are matched to industry standards.

PARTNERSHIPS

EP is a proud partner and official hold, volume, and wall supplier to World Climbing and USA Climbing.
